

LED STREET LIGHTS BASIC LINE

GENERAL DESCRIPTION

LED street lights save energy up to 5 times, which in turn reduce the load on electrical network. High lumen output helps to decrease number of car accidents.

Visional ONE Basic LED MODULAR street light are ultimate replacement street light fixtures. It is suitable for high temperature ranges, high dust level and humidity. Visional ONE Basic LED MODULAR street light has been developed to ensure maximum energy efficiency in combination with modern technologies in lighting regulation.

LED STREET LIGHTS BASIC LINE

- Heat dissipation of the whole structure: The design aims to fully utilize the surface area of structural parts to transfer heat to air. The TJ is lower than 55° C after heat balance
- High Luminous high efficiency and low lumen depreciation
- Using high transparency PMMA lens with many technical patents and light transmittance up to 99%
- Waterproof connectors : free removal to install, simple and quick

- UP TO 3-5 YEARS FACTORY WARRANTY
- UP TO 135 LUMEN/WATT
- PROTECTION LEVEL IP66
- POWER FACTOR >0.96; CRI>80
- BEAM ANGLE 0°-120°

BEAM ANGLE OPTIONS:

60°

90°

120°
